

AUSTIN ASSOCIATION FOR THE EDUCATION OF YOUNG CHILDREN PRESENTS:

Leadership in Action

Professional Development Series

Leadership functions relate to the broad view of helping an organization clarify and affirm values, set goals, articulate a vision, and chart a course of action to achieve that vision. Most directors in early childhood programs have the sole responsibility for leadership and administrative roles. They are the gatekeepers of quality, but they often need help managing and leading their teams.

Participants will learn:

Definitions of leadership and management, and their differences
To understand the various levels of participation in a center
To learn the basic techniques of facilitative leadership that involve staff at different levels in leadership roles
